

OUIJA RADIO

"It's a melodiously vibrant conglomeration of post punk, new wave, goth, psychedelia, industrial, demonic pop, and rock 'n' roll. Without a doubt, Ouija Radio have unleashed the ultimate audio temptation!" -*Under the Volcano Magazine*

"Cuz this band has it all, and they're smart about dishing it out. I feel rocked but not battered, sexed but not abused, and nostalgic without "deja vu". Ain't a drug in the world that can do all that, baby." -*Chain Whipped Magazine*
